BEADS
Debbie Abrahams – Size 6 x 130.

ABBREVIATIONS

sl1p wyb Slip one stitch as if to purl holding yarn in back of work [ie. side facing away from you].

sl1p wyf Slip one stitch as if to purl holding yarn in front of work [ie. side facing you].

p2tog Purl 2 sts together.

m1 Make one st by inserting needle from behind under the running thread [which is the strand running from the base of the stitch just worked to the base of the next stitch] and lift this thread onto left hand needle; then knit into the back of this thread.

CR5 Drop first slip stitch off needle to front of work, slip next 3 sts, drop second slip stitch off needle to front; then holding the 3 knit sts on right hand needle, pick up the first dropped st onto left hand needle; then slip the 3 sts back to left hand needle; then with point of right hand needle, pick up the second dropped st and place it on left hand needle; then k5.

place bead Place bead by taking yarn to RS of work, slipping bead up next to stitch just worked, slip next stitch purloos from left needle to right needle and bring yarn back to WS, leaving bead sitting in front of slipped stitch.

Note for beads Before starting to knit, thread beads onto yarn. To do this, thread a fine sewing needle [one that will easily pass through the beads] with sewing thread. Knot ends of thread and then pass end of yarn through this loop. Thread a bead onto sewing thread and gently slide it along and onto knitting yarn. Continue in this way until required number of beads are threaded on yarn.

FINISHED SIZE
Completed Square measures approx 30 cm x 30 cm
